PIPER: Don't say that! Every time someone says something like that, things only get worse! *(They hear a loud crash from the attic.)* Phoebe!

PHOEBE: What? I didn't do anything! You were the one who jinxed us. *(She turns on her heel, heading up the stairs with her sisters and CRISTA at her heels.)*

**[Cut to the attic. A circular wooden table explodes as COLE dives out of the way. The pounding of feet can be heard and then the sisters and CRISTA charge into the room. Two burly demons are advancing on COLE.]**

PHOEBE: Ooh, Piper!

*(PIPER raises her hands and one of the two demons explode, but when she tries to explode the second one, he freezes.)*

PIPER: Damnit! The one time I'm not aiming for a freeze.

*(PHOEBE runs over to COLE and helps him up.)*

PHOEBE: *(to COLE)* Are you okay?

COLE: Fine. *(He dusts himself off and conjures an energy ball, hurling it into the frozen bounty hunter. He vanquishes in a fiery burst.)* I did a little digging, and it looks like the guy who stole your powers has been racking up quite a few powers. *(He eyes CRISTA and stares.)*

PHOEBE: Cole? *(She touches his arm and he snaps out of the stare.)*

COLE: Yeah. He's been on a killing spree, Phoebe. Several witches have been burned over the last few hours. Word in the Underworld is that he's been invading covens and using relics or ritual items from those covens to get premonitions from, because in rituals where all coven members are present, they all will have touched or used one of the ritualistic pieces.

PRUE: He's gearing up to come after us.

PHOEBE: And he's not just stopping at witches. *(She moves to the Book and flips it open.)*

COLE: What do you mean?

PHOEBE: He went after Crista's mom. *(COLE looks at CRISTA again.)* Cole, do you know of any other good magical beings off the top of your head that have powerful abilities?

COLE: *(to CRISTA)* What are you?

*(PRUE moves in front of her.)*

PRUE: She's a Firestarter. Why?

COLE: Maurice. I knew you looked familiar!

*(CRISTA's face pales.)*

CRISTA: How do you know about him?

PIPER: Whoa, slow down here. What's going on?

CRISTA: My father-

COLE: Was one of The Source's right hand men.

CRISTA: What?!

COLE: We used to go out on assignments together. He was one of the best hunters I'd ever seen.

CRISTA: Liar! He may have been a low life, but he was no killer.

COLE: Yeah? Did you ever meet the man?

CRISTA: He walked out on us before I was born.

COLE: Is that what you were told? *(He folds his arms.)* Well, I'm sorry to tell you that you're severely misinformed. Carlotta wanted to switch sides after she got pregnant with you, and when The Source got word, he sent Maurice to take care of her...but she took him out first.

CRISTA: Liar!

*(A fire springs up on COLE's chest. PIPER steps between them.)*

PIPER: Enough! *(She takes CRISTA's hand.)* Come on, lets go downstairs. *(She leads CRISTA out of the attic. COLE pats his chest, extinguishing the flame.)*

COLE: She looks just like him.

PHOEBE: You didn't have to upset her like that.

COLE: I was just telling her the truth.

PRUE: *(eyeing PAIGE)* Sometimes things should be left well enough alone.

*(LEO orbs in.)*

PRUE & PHOEBE: Leo!

LEO: I'm so sorry! Darryl just pulled some strings and got me bailed out. I came as soon as I could.

MAN'S VOICE: What the hell are you people?! *(PRUE, PHOEBE, PAIGE, COLE, and LEO turn to see INSPECTOR CORTEZ standing in the doorway with his gun drawn, aimed directly at PHOEBE.)*
